## Echelon introduces a new view of home

Reservations are now being accepted at Echelon, Centennial Hills' new guard-gated mid-rise residential community. The permanent sales center, model home and first building are under construction.

Royal Construction Company, a long-time local residential and commercial builder, is Echelon's general contractor and one of its developers. Residences range in size from 1,064 square feet to more than 4,000-square-foot penthouses with eleven floorplans and ample amenities to choose from. Echelon's private hamlets will be just blocks away from a new upscale mall, a hospital, public and private schools, restaurants, grocery stores, retail shopping and business parks. Residents will know they have achieved a new lifestyle level.

*In a word — Echelon.*

*Many views from Echelon, Centennial Hills' new guard-gated mid-rises, overlook the entire Las Vegas Valley.*
